Their physical appearance and sometimes even their disease history become part of who we are. Most of the time, we also copy their attitudes and mannerisms. In the case of Wardell Stephen Ã¢â ¬Å“StephÃ¢â ¬Â• Curry, one cannot help but wonder if he also inherited the shooting touch of his father, Dell Curry. An NBA pundit said that great shooters are not made, they are born. The same can be said about Stephen Curry, to some degree. His father, Dell Curry, was always a great shooter. Dell tallied a total of 1,245 three-pointers in an NBA career that spanned a decade and a half. Steph obviously got a lot of his shooting abilities from the genetics that his father passed on to him. However, the younger Curry is not all genetics. He has taken what his father gave him and raised it to a whole new level because of his insane work ethic. In a sense, Steph is a shooter who

Even though I'm a Los Angeles Lakers fan, I decided to read Stephen Curry: The Inspiring Story of One of Basketball's Sharpest Shooters because I had read Clayton Geoffrey's other work on Steve Nash and enjoyed it. Needless to say, I really enjoyed this short read. The book covered a lot of neat things I did not know about Steph such as the fact that he was not heavily recruited by any major Division I basketball team and that he is a devoted follower of Christ who not only displays his unselfishness on the basketball court but also off the court. This is a well-written work that shares the incredible story of Steph Curry's rise in the NBA. Since my Lakers are out of the playoffs this time around, I'll have my eyes on the Warriors as they try to make a splash in the 2014 NBA Playoffs.

It was a treat to read the history of a professional NBA player and one of the best shooters in basketball history. This short story was a comprehensive view into Stephen Curry's life and an inspiring piece for any would-be basketball players. He has a great career ahead of him and I'm looking forward to seeing his performance in the playoffs after learning so much about him.

Nice story of Stephen Curry's life. Great testament to the Curry quality of character and being true ton one's self. So happy see the such a great family see the wonderful success that they seen thus far. Easy to read. Nice insight.

I bought this for my grandson and he soaked up every word. My grandson is 9 years old and he read this book and now he has more knowledge and can join conversations when we are discussing Stephen Curry. Sometimes my grandson shares info from the book that others did not know about. I like Stephen Curry's upbringing and I like the man he has become and he is a good role model for my grandson so I was delighted to get this book for him. Thank you.

This is the sort of book works for two types of audiences. For the casual sports fan, the author hits all the highlights of Steph CurryÃƒÂ¢Ã â ¬Ã â„¢s career, while at the same time he doles out plenty of stats that avid basketball fanatics crave. From the introduction, it is clear that the author did his homework. I was familiar with Curry since his college career, but now that IÃƒÂ¢Ã â ¬Ã â„¢ve read this book, I can honestly say that IÃƒÂ¢Ã â ¬Ã â„¢ve become a fan, not only of his skills on the court, but his actions off the court as well. One of the things I really liked about this biography is the authorÃƒÂ¢Ã â ¬Ã â„¢s approach. He gave me the facts, which allowed me to form my own opinions about Steph Curry. Next time IÃƒÂ¢Ã â ¬Ã â„¢m in the mood for a sports book, IÃƒÂ¢Ã â ¬Ã â„¢ll be looking to see what Clayton Geoffreys has to offer.

My interest in this short unauthorized biography was not necessarily that Stephen Curry is the reigning National Basketball Association (NBA) Most Valuable Player, a member of the 2014-15 Championship team or the fact that that his team is currently an incredible 39-4 as I write this, with a real shot at beating the all-time record of 72-10 set by Michael JordanÃƒÂ¢Ã â ¬Ã â„¢s Bulls in the 1995-96 season. What really attracted to me to CurryÃƒÂ¢Ã â ¬Ã â„¢s story, in addition to all of the above, is that he is known for his Christian beliefs.Curry was born in 1988 in Akron, Ohio. His father Del was an NBA player and coach and his mother Sonya was an accomplished volleyball

player. They met at Virginia Tech. His parents provided Stephen and his brother Seth (also a basketball player), the following priorities in life - faith, family and academics above everything else, including sports.Curry attended Davidson University, where he played for three seasons before leaving for the NBA where he was drafted as the seventh overall pick by the Golden State Warriors in the 2009 draft. In his 104 games at Davidson, Curry finished with averages of 25.3 points, 4.5 rebounds, and 5.7 assists per game. His 2,635 total points and 414 total three-pointers are both Davidson records.CurryÃƒÂ¢Ã â ¬Ã â„¢s early seasons were hampered by injuries (spent the spent the entire 2011-12 season recovering from ankle injuries and undergoing a season-ending surgery, for example). He and teammate Klay Thompson, are nicknamed the ÃƒÂ¢Ã â ¬Ã Å“Splash BrothersÃƒÂ¢Ã â ¬Ã Â• for their shooting abilities. The author states that even at this relatively early stage of CurryÃƒÂ¢Ã â ¬Ã â„¢s career, some are already considering him the greatest shooter in history.The author takes us through CurryÃƒÂ¢Ã â ¬Ã â„¢s NBA career, through most of the 2014-15 season when the Warriors had a league-best record of 67-15, Curry was the top vote-getting in the All-Star Game, and was named the NBA Most Valuable Player. The book went to press before the end of the playoffs and the Warriors winning the NBA Championship.Curry professed Christ while in the fourth grade at the Central Church of God in Charlotte. He writes bible verses on his basketball shoes. He is married to Ayesha and the couple has two daughters. He has a strong work ethic and though only 27 years old is a wonderful role model. The author tells us that Curry has stated in interviews that he felt that God wanted to use him in the league to show that not all successful athletes live the celebrity lifestyle that comes with all the money and fame.I enjoyed this short book about Steph Curry. The author sometimes goes overboard with superlatives and didnÃƒÂ¢Ã â ¬Ã â„¢t have any contact with Curry. Still, for those who want to know about this role model, this is an excellent book to check out.

This book not only does an great job of giving you and overview of Stephen Curry’s career, but also looks at his background. You get a sense of some of the factors which led him down the road to the NBA. I found this to be well written and interesting.

this book is very inspirational. this helped me look at the way i look at my goals in life in a completely different way. this book helped me break down my main goal into many separate small goals that i achieve one at a time. i also learned that practice makes perfect, really give it everything you got, and to never ever give up in your dreams bc if you do it can turn into a nightmare.
