Brooks had a pretty rough start in life. Between being abandoned by his mother at the age of 5, being bounced around from foster home to foster him, running away at the age of 8 and living on the streets until his adoptive father saved him and took him in at the age of 10, is it any wonder that the poor guy has a hard time with commitment? He’s enjoyed his playboy life and has no plans of giving it up any time soon. Until he meets Sydnee. There is just something about her that has Brooks thinking long term and he doesn’t quite know how to deal with it.Sydnee has moved from her home in Alabama to work at an orphanage in Cozumel. She loves what she does. The children mean everything to her and she can’t see her life without them. Yes, she misses her home and family but this is where she is meant to be. When she first meets Brooks she wants absolutely nothing to do with him. His over confidence and charm has her walking out the door and far away from him. But when she finds out that he is the wealthy benifactor who is single handedly funding the orphanage she works at, she’s afraid he’ll pull his support if she doesn’t agree to go on a date with him.It’s definitely not an easy going relationship with these two. Sydnee is too busy jumping to all the wrong conclusions when it comes to Brooks that she misses seeing the real him. It isn’t until they are visiting Zack and Maddie and their cute little family for Thanksgiving that she lets go of all pretenses and just enjoys getting to know him better.But will Brooks ever be able to overcome his past enough to let go and move forward with Sydnee? Or will Sydnee’s constant pushing to change him and make him fit into what she wants in her life have him running in he opposite direction? Compromise, love and understanding will be key to their happily ever after.This is such a fun series! I am always on the look out for the next book, wondering which author will take us where and what adventures they have in store for us. It’s a fun escape that’s for sure! I can’t seem to get enough of these clean billionaire books!

I loved everything about this story. The chemistry between Brooks and Sydnee was so evident. The

orphanage and the children were such a sweet spot of the story too. It was nice to think about an orphanage with loving care givers. Brooks had a lot to overcome in his life and his fears were understandable. The rest of the characters were complimentary to the story too. It's was a great purchase.

Strong and sassy, Sydnee Lee, finds herself pitted against arrogant and controlling billionaire, Brooks. He has a lot of hurt to overcome and she misunderstands his intentions over and over again. The book contains serious themes of abandonment, human trafficking, and the plight of orphans. Brooks character was way over the top, but he becomes more likeable as the story progresses. Can Brooks and Sydnee Lee find a way to bridge their two very different worlds to build a lasting permanent relationship?

Awesome novel with plenty of steamy kisses and suspenseful action! Would recommend to anyone who likes clean romances with a great story line!

I loved Brooks and Sydnee~ what a fun couple of characters! I loved Brooks in the previous book,too. Loving this series!!

I wanted to like Brooks but just too smarmy for me. I get he had issues, but it wasn't enough of an excuse for his behavior for me to really like him. And the end wrapped up too quickly as well. If he has such serious problems dealing with children (not a spoiler; mentioned in the first chapter), real psychological issues that stemmed from childhood, he wouldn't have changed so rapidly. And way too ÃƒÂ¢Ã â ¬Ã â much obsessing about each other's looks.

For a billionaire this guy has a heart of gold. I loved the location, the romance and the drama. It was heartwarming, clean and a great way to spend a couple of hours!

Great book. No matter how we appear or how mych money we have, we all have obstacles to overcome I our relationships as Brooks and Sydney did. Clean romance.
