Synopsis

Dogs that become demonic around the food dish, snarly on the sofa or grouchy when chewing on a bone are all too common. Here’s a step-by-step guide to help you recognize, evaluate and treat resource guarding in pet dogs.

A totally comprehensive and practical treatment of a common and very serious behavior problem,. Jean Donaldson translates complex animal learning theory into usable procedures without sacrificing scientific accuracy. Anyone who works with dogs will benefit from reading Mine --Suzanna Hetts, PhD, author of Pet Behavior ProtocolsOnce I started reading it, it quickly became apparent that this book should be mandatory reading material for virtually every dog owner. Brenda s description of the canine language and the contexts in which they occur is very well documented. --Ali Brown, author of Scaredy Dog! Understanding & Rehabilitating Your Reactive Dog

Author Jean Donaldson has over 30 years experience in dog behavior and training. As the Founder and Director of the San Francisco SPCA Academy for Dog Trainers, Jean leads a new generation of dog trainers to better understanding of the research and science of canine behavior. Jean s award winning book, The Culture Clash, is a pivotal book in the dog trainer s library because it called into question many sacred assumptions about the origins of behavior and behavior problems. Jean lives in the San Francisco area with her Chow Chow, Buffy.

This book was recommended to me by a training organization. It was written in a rather technical

style, like other reviewers said, but I didn't find it hard to get through. It's a short book - just over 100 pages - but I felt it covered a lot. It lays out a plan of attack for most resource guarding types. Unfortunately for me, it did little more than aknowledge that the resource can be the owner(s). I'm sure this book would be a great tool for other owners/trainers, but my rescue pup's prized resource is my husband and me.

good practical advise that we are working through now w/our rescued dog

Ordered bfor my wife and it is just what she wanted.A very informative text.

Good information but can be difficult to implement.

This is a GREAT book for resource guarding! Worked wonders for my dog!

Highly recomend

ALL dog owner should read this book, it is one of the basic behavior bibles. Trusted author.
