Customer Reviews

I returned this book as soon as I saw it. I bought it as a gift but it's so "unprofessional" i avoided gifting it.It's black and white, there's no publisher information, and the introduction starts with the

literal: "I would like to thank you and congratulate you for downloading the book..."This is obviously a PDF converted to a short 40 page black-and-white book.If you just want something to store in your drawer with recipes, it’s for you.If you plan on giving it to someone and want it to not look like you printed it at the public library and threw a nice cover on it, avoid it.

This book offers quite a few jello shots, but nothing that really grabs me as an amazing recipe. :(I was hoping for more.

Very small paperback book - not worth the price!!

Very good recipes. Recommend this book.

I am FAMOUS for my jello shots now!!!

fun, easy to make recipes with good clear step by step easy directions. color photos of the easy to make shots.

Too many ideas to try!

There are some really fun recipes in here, which are especially great for parties of course. There are nice images too, which you donÃƒÂ¢Ã â ¬Ã â„¢t always get with an ebook. The recipes feature lots of clever additives, besides the usual vodka, and some are based on classic cocktails (mojito, cosmopolitan, etc.). Love the ones using fruit as the ÃƒÂ¢Ã â ¬Ã Å“shot glass.ÃƒÂ¢Ã â ¬Ã Â•
