## Synopsis

With a scholar’s mind and a pastor’s heart, N. T. Wright guides us through the New Testament book of Luke, showing how we can particpate in Luke’s story by making it real in our own world. Twenty-six sessions for group or personal study.

## Customer Reviews

"Tom Wright is a gift to the church today. In this series, Christians who are just learning about their faith will experience new discoveries and fresh views on life, and seasoned Bible readers will find themselves challenged to reconsider old perspectives. It deserves to be in the homes of all Christians." (Scot McKnight, author of The King Jesus Gospel)

A prolific writer of both scholarly and popular books, N. T. Wright has written over thirty books, including Simply Christian, The Original Jesus, What Saint Paul Really Said, The Challenge of Jesus, The Meaning of Jesus, Jesus and the Victory of God and the magisterial Paul and the Faithfulness of God. His N. T. Wright For Everyone Series includes commentaries covering the entire New Testament. Formerly bishop of Durham in England, Wright is research professor of New Testament and early Christianity at the University of St Andrews in Scotland. He was formerly canon theologian of Westminster Abbey and dean of Lichfield Cathedral. He also taught New Testament studies for twenty years at Cambridge, McGill and Oxford Universities. He has been a visiting

professor at Harvard Divinity School, Hebrew University in Jerusalem, Gregorian University in Rome and many other institutions around the world. In addition to his many books, Wright reaches a broad audience through his frequent media appearances. A sought-after commentator, Wright writes frequently for newspapers in England, including the Times, the Independent and the Guardian. He has been interviewed numerous times by radio and television broadcasters on both sides of the Atlantic, including ABC, NBC, CNN, PBS and NPR.Patty Pell (M.A., Old Testament Studies, Denver Seminary) is a staff worker with InterVarsity Christian Fellowship on the campus of the University of Northern Colorado and at Christ Community Church in Greeley, Colorado. She is the author of Esther and Hospitality in the LifeGuideÃ Â® Bible Study series and a coauthor of Small Group Leaders' Handbook.

I've used the "For Everyone" series of commentaries several times, so when we were looking for a new small group curriculum this great bible study by Wright was an automatic contender. We've been using it for 8 weeks now and our participants are big fans. Wright balances his comments with discussion-inducing questions that get our groups talking. There is also a great leader's guide at the back of the book that can help any volunteer become a top-notch small group leader. While it is really meant for group work, this could also make for a good personal study guide along with the corresponding New Testament for Everyone commentary.

A great study guide to learn the life of Jesus in Luke's perspective. We use it for our bible study group but I personally think it is great for individual study as well.

Kinda simplistic and the some questions are super-easy while others bewilder, making you wonder what exactly is being sought by author...or perhaps he doesn't write the questions. Purchased for a church study group...would have preferred the Luke for Everyone and someone else framing discussion questions.

This is not N.T. Wright's commentary on Luke, but a Bible study for a group who have not had much training in Bible content or theology. That said, this is a great study. Highly recommend it for the appropriate group.

Excellent background information. Very thought provoking. I highly recommend the entire series. In fact all of Wright's books are on my Kindle reading.

This book provides an indepth understanding of the writings of Luke and provides current day examples for each passage.

This is a great study of the book of Luke, my group have really been engaged and the questions sometimes challenging. For a Bible study I recommend this study.

I used to enjoy a fresh perspective from Bishop Wright. Now, there doesn't seem to be much new insight.
