Praise for DRAGON MASTERS #1:"In this first of the Dragon Masters series, vocabularly is accessible; sentences, paragraphs, and chapters are short; and dialogue moves the story along rapidly. Black-and-white sketch-type drawings add depth to the story and feelings to the characters (both children and dragons). Emergent readers will find happy success here." -BOOKLIST"The first of a new series of early chapter books, this entry is sure to attract fans. Brief chapters, large print, lots of action, attractive illustrations in every spread including a maplike panorama, an enviable

protagonist -- who wouldn’t want to be a Dragon Master? -- all combine to make an entertaining read. With plenty left to be resolved, the next entry will be eagerly sought after." -KIRKUS REVIEWS"Each page features wonderfully detailed pencil illustrations which help to support the text." -LIBRARY MEDIA CONNECTIONPraise for BRANCHES books:"These books should be considered for larger libraries wanting to enhance their easy-reader collections." -SCHOOL LIBRARY JOURNAL"A nice stepping stone to more advanced chapter books." -BOOKLIST

My 7 year old son & I LOVE this series!! He reads independently, but we like to read this together before bed. The stories are suspenseful and captivating. My son is not particularly into dragons, so I wasn’t sure if he would enjoy the first one, but he’s hooked! We’ve read 1-7 and awaiting #8 to be released in the Fall. :)

My 4 year old is obsessed with the Dragon Masters series. We read a few chapters from one of the books every day. It is perfect because she is getting a longer attention span but still needs a book with lots of pictures and short chapters. The climactic parts have drama and tension but aren’t overly scary. The stories about different dragons and kids from different parts of the world capture her imagination like nothing I have ever seen. This is an incredible series that I also enjoy reading with her, and I hope Tracy West continues to write many many more!

My grandson with autism loves this series. He has devoured them so far. It has turned him into an avid reader (like me :) I just may have to read them myself.

Great book - very entertaining - my 9-year old (who cannot stand to read) could not put it down. Very pleased with the content and storyline.

My 6 and 8 year old grandsons love listening to me read this series to them. The older one follows along and if The miss a word he corrects me, yet he does not really want to read them to himself. Perhaps he felt it was too scary to read alone, although he would never admit to that. I think this series has a good balance of adventure and the values of friendship and teamwork in it. The kids want to know if there will be more of these books.

I ordered this book for my 8 year old daughter as she as read all 3 other books in the series and could not wait for the forth book to come out. She absolutely loves the story, characters and adventure. Upon receiving the book she sat down and read through the entire book in one sitting! Needless to say she is hooked and I am so happy that my daughter loves reading because of these books! Can’t wait for more in the series and I hope it continues for a long time!

simple books with a simple plot, I would recommend for a 1st grade reading.

My 8 year old loves the Dragon Master series
