Customer Reviews

I didn’t know what to make of coloring when I bought this, I hadn’t done it in 30 years, but I found it a delightful way to pass the time. It feels nice to start out a blank page and see it through to completion, even if you aren’t very good at it, which I’m not. I included some pics, but not the ones I colored, they aren’t exactly impressive or neat.

good

i love it

It was just ok.

I was given this book as a present and I have had so much fun coloring in the pictures. As a hobby it is as stress relieving as a 60 minute massage. I can’t recommend this book more highly. I have enclosed several pages that show how wonderful and intricate the patterns are

I’m a big fan of coloring books but this is the first color by number one I have tried. I love it!!!! For me it adds another level of meditative practice to coloring. There are varying levels of intricacy - from fairly simple to very detailed. This is a great choice for someone who is interested in adult coloring books but doesn’t feel confident choosing their own color schemes. There is a color key on the back of the book so that you know what the numbers are intended to be, plus on the page opposite each image there numbers and colors are also listed as an easy reference point and there are 2 pages for "color testing" that have small boxes so you can check your marker color before you commit to coloring your image. It’s nice to have that in the book instead of having to search for scrap paper every time. They also included 10 bonus images from other coloring books in their series - plus mini images of the covers that can also be colored. It’s a great way to get a feel for the other books by this company. I highly recommend this coloring book!I received a complimentary copy of this book in exchange for an honest, unbiased rview and I am happy to say I would definitely buy it again for myself or as a gift for someone else.

It was with great delight that I received my copy of Large Print Color by Number Butterflies, Birds & Flowers in the mail today. The book is large, clearly numbered, and even has a ÃƒÂ¢Ã â ¬Ã Ëœcolor keyÃƒÂ¢Ã â ¬Ã â„¢ on the back. The illustrations are beautiful and often complex and the book tastefully teases the adult artist at the end with sample pictures from other color by number books in the series. This is not a childÃƒÂ¢Ã â ¬Ã â„¢s simple coloring book. It is for the doodling, coloring, creative adult who enjoys the quiet joy of bringing pictures to life with bursting color. They would make lovely gifts, or something just for yourself to pleasantly wile away the time. Highly recommended!

Excellent way to keep your hands busy while thinking about other things! The images are really pretty and filling them in isn’t tedious as some other color by number books tend to be. Highly recommend!
