Synopsis

Assouline began with an idea and a belief: the first, a notion that beauty, perfected, has meaning that is capable of transforming our lives; and the second, that a book—artfully crafted and highly considered in its visual content—can open our eyes and minds. With our first book, La Colombe dÃ¢â ¬â„¢Or, we sought to convey the experience of a small hotel in the south of France, a tiny, sublime world of art, history, luxury, and inspiration unto itself. Over time, that world has been expanded to create a universe that is anchored by our books but no longer limited to paper and pages.

Book Information

Series: Icons

Hardcover: 160 pages

Publisher: Assouline (May 28, 2013)

Customer Reviews

"This book feels like a family photo album." --This text refers to an out of print or unavailable edition of this title.

Kelly Killoren Bensimon is an author, editor, model, and tastemaker. She appeared on three seasons of Bravo s hit show The Real Housewives of New York. Her most recent book I Can Make You Hot! was released in spring 2012. She is also the author of American Style and The Bikini Book, both published by Assouline. She is currently a regular contributor to Hamptons magazine, Gotham magazine, and am New York. Kelly and her two daughters split their time between New York City and East Hampton.Pamela Fiori’s career in magazine publishing spans more than forty

years. She was editor in chief of Town & Country, America s premier magazine for the affluent in America, for seventeen years. Before that, she was editor in chief of Travel + Leisure for fourteen years. An authority on luxury, travel, style, connoisseurship and philanthropy, Fiori writes and speaks frequently on these subjects. Her first book, Stolen Moments, is a tribute to the photography of Ronny Jaques, a contemporary of Richard Avedon and Lillian Bassman. She is the co-author of A Table at Le Cirque and has also written In the Spirit of Capri, In the Spirit of St. Barths and In the Spirit of Palm Beach for Assouline.

I was pleased to see this new edition and have enjoyed it immensely.I have a few of the other books in the series and have many books about the Hamptons.A little more about Hamptons interiors and fashion style and a little less of the author’s family would make this edition 5 star.

I visit the Hampton’s regularly. Just a great place. Kelly Bensimon, does a nice job of high-lighting key areas followed by stories, celebrity notes, historical background. If your traveling to Hampton and want to know what it is all about, this book gives you a great introduction. You can actually plan a trip and plan to visit the areas that are mentioned in the book. The pictures highlight key areas, the celebrity references really add a nice touch. It’s also a great coffee table book. I don’t call it a travel guide. I think it is a little more. I think it’s a little better than a travel guide. It is Hampton life styles within its surroundings. It gives meaning to the Hampton way of life. Easy reading. Very accurate in the message it conveys. " In The Spirit of the Hamptons" Title , is accurately conveyed in the book. It is a Must, in your collection of travel books.

I own the first version of this book, and was glad to see it has been updated 10 yrs. later. Great backgrounds on all the little towns that make up the Hamptons - with new, bright collage-type photos throughout. I enjoyed it very much!

You get to know the different places that make up the Hamptons and why people like to go to these places. Also, the book explores the differences in these places and shows why people would want to be there.

Borrowed this book, thinking it would be a little different from photos and descriptions we see all the time. Nice photos, but I was looking for depth and interesting style and twists to pique my interest in this famed locale. Instead it was a bunch of pretty pictures with dim prose. This is not an interesting

collection, but it’s fairly nice in a very ordinary and pedestrian way. I wouldn’t buy this book-- flip through it for five minutes and you’re done.

an amazing book detailing well the beauty of the Hamptons. I will come back every year

There are so many other great books on the Hamptons out there. I wouldn’t waste your $$ on this one....

Great book to read before a Hampton visit.
