Synopsis

500 Ways to Achieve Your Highest Score We want you to succeed on the auditing and attestation portion of the CPA Exam. That's why weÃ¢â ¬â„¢ve selected these 500 questions to help you study more effectively, use your preparation time wisely, and get your best score. These questions are similar to the ones you'll find on the CPA Exam, so you will know what to expect on test day. Each question includes an easy-to-follow explanation in the answer key for your full understanding of the concepts. Whether you have been studying all year or are doing a last-minute review, McGraw-Hill Education: 500 Auditing and Attestation Questions for the CPA Exam will help you achieve the high score you desire. Sharpen your subject knowledge, strengthen your thinking skills, and build your test-taking confidence with: 500 CPA Exam-style questions Full explanations for each question in the answer key A format parallel to that of the CPA Exam

Customer Reviews

Denise M. Stefano, CPA, CGMA, MBA, is an assistant professor of accounting and the accounting program chairperson with Mercy College. She has served as president and is a board member for a chapter of the New York State Society of Certified Public Accountants. Darrel Surett, CPA, taught accounting, business law, and income tax courses for 25 years as an adjunct professor at Union County College. He is a partner in the CPA firm of Barry Surett & Co.

This is the best CPA multiple choice study guide I have used. It was my third go at the audit section and I finally passed. I used this to supplement Wiley CPA Excel and I'm glad I did. The explanations were more thorough and the authors used plain English instead of audit jargon. I would definitely recommend getting this book to supplement whatever you already have.

I bought this a few weeks ago. I am sitting for AUD in three days and am doing everything I can to have as much exposure before the exam. I have mainly used Becker but wanted to supplement it with something else. I will say that the explanations in this book are VERY thorough, however, I am a little disappointed with the selection that McGraw Hill used. I would say that 80% of these questions, if not more, all involve "Which of the following...."Answers: I, II, III. A) I only B) II and III C) I, II, & III D) I & IIIOr you get the " A) I B0 II C) Both D) NeitherNow I am sure that these type of questions are on the exam and I have seen some on Becker as well. However, the majority of this book is in this format and it doesnt really give you a good scope of the types of questions you are likely to see. The explanations are wonderful, the lack of variety in the style of questions is horrendous.*Will update after exam to confirm usefulness for exam

The questions in this book are well chosen. The answers are clear and detailed.After solving all of the 500 questions in five days, I have a much better understanding of auditing.This fine book is an excellent supplement to prepare for CPA exam.The book is definitely worth the price.

This has some really challenging questions, and this is great because it helps you prepare for just about any difficult multiple choice question! I have all 4 and would recommend to anyone studying.

This is one of the best Q & A materials that is up to date. The few chapters I have review clearly make the difference. I am now getting more confidence to pass CPA AUD in the next window. Easy to read and very direct to the Exam content specification.

I used this book to help with my auditing class and the questions were basically 1 style of multiple choice question, choose which of the above are true. It breaks the concepts down by topic, but was not helpful for my exams.

A high percentage of the questions are in one format not your typical m/c ? With 4 options. The explanations are very detailed though. Would definitely recommend for final review

So far so good. Questions are a bit tough sometimes. A good mix.
