Synopsis

Car mechanic Mercy Thompson has always known there was something different about her, and not just the way she can make a VW engine sit up and beg. Mercy is a shapeshifter, a talent she inherited from her long-gone father. She's never known any others of her kind. Until now. An evil is stirring in the depths of the Columbia River - one that her father's people may know something about. And to have any hope of surviving, Mercy and her mate, the Alpha werewolf Adam, will need their help....

Book Information

Best Sellers Rank: #94 inÃ Â Books > Audible Audiobooks > Fantasy > Paranormal #98 inÃ Â Books > Audible Audiobooks > Fantasy > Contemporary #201 inÃ Â Books > Literature & Fiction > Genre Fiction > Horror > Occult

Customer Reviews

This wasn't my favorite book in the series but it was still a really good story. If you have been following my reviews you probably already know that I adore this series. I remember reading this book back when it was first released and enjoying it and I liked it just as much on this audio re-read. This is a series that I have made a point to keep up with and look forward to every installment. I had a lot of fun listening to the audio of this story.This story takes place away from most of the group and I have to say that I missed some of the characters that I have grown to love just a bit. Mercy and Adam are there for the whole book so I didn't have too much time to spend missing everyone else. Mercy and Adam are off on their honeymoon but they end up getting involved in a situation that needs their help. There are some interesting characters that are a part of this installment including some that knew Mercy's father.This book had a lot of really good elements. I like how Mercy and Adam's relationship just keeps getting stronger. I really cannot get enough of these two

and think that they are just perfect for each other. The chemistry between them is amazing. It was interesting to learn a little bit more about Mercy's background. Her father is really quite a mystery so getting the chance to learn a little bit more is really quite exciting. There was plenty of excitement in this installment. I mean there is a river monster to be battled so of course there is some excitement. This was the kind of book that you just don't want to put down.Lorelei King does an amazing job with this audiobook. I really didn't expect anything else. She has done such a fantastic job with all of book in this series that I have listened to so far. She has become the voice of Mercy form me. She does a great job with a large cast of characters and brings a lot of emotion into the story. Her voice is very pleasant to listen to and she read the story at a very natural pace. I was able to completely lose myself in this book for hours at a time. I can't wait to listen to more of this series.I would highly recommend this series to others. I do think that this is a series that really does need to be read in order since the relationships between the characters develop throughout the series. I can't wait to continue with my re-read of this series very soon.

Mercy's going crazy. And it's not the fae, wolves, or vampires that are scaring her this time.It's her wedding. More specifically, planning it with her mother. Who apparently thinks doves, pigeons, and butterflies would be a wonderful addition to the day. She's ready to elope. The honeymoon should make up for it all though, and be just what she needs. Just her, Adam, a camper and no one for miles for ten days. Bliss.Unfortunately things don't go quite as planned and when they find a person with his foot bit off, Mercy's suddenly thrust into a mystery that brings her into much closer contact with her own personal history.I loved this book. Loved it. I think that most fans will either love it, or not like it and be bored by it. It takes us away from all the secondary characters that we love in the Tri-Cities for most of the book, and focuses on Adam and Mercy, and Mercy's roots.For 5 books I've been waiting to get some more in-depth alone time with Mercy and Adam. I think that this book really solidifies what they are to and for each other and I love that they fit so perfectly.We meet some new characters, and one, in particular, is a favorite. He's fabulous, funny, smart, and just a little bit crazy. And learning more about Mercy's past - things she didn't even know - is fun and extremely entertaining. Especially watching Mercy try to assimilate this knowledge into herself, and come to terms with things that are a complete surprise to her.There is a thing with these books that bugs me a bit. It doesn't bug me until I'm finished, but it does bother me. Near the end, when Mercy and Adam are getting ready to fight the "big bad" Adam's always, ALWAYS, knocked out of the fight somehow. There's something that prevents him from being there to help - and mostly this is probably because he'd wipe the floor with anything that was trying to hurt Mercy and Mercy needs to

be the one that saves the day/herself/others etc. I get that, and I like that Mercy saves the day, but I wish this could be handled a bit differently so that it didn't feel like Adam was incapacitated every single book. A good example is Kate and Curran - Curran (Magic Bites) is obviously stronger, but Kate's essential and strong too. They work together to get what needs to be done, done. Anyway. Like I said, a minor bother, but I did want to bring it up.Great book though. Strong interpersonal relationships, strong mystery story-line (with some great emotionally charged moments) and fantastic characters. This continues to be one of my favorite series, and Patricia Briggs a favorite author.

I've said it before, but I love how she has intertwined all the different mythic creatures. She already has a lot of the fey, werewolves, and vampires, adding Native American, and making it fit, was cool. I also like how this series makes both werewolves and vamps. I like that they aren't so easy to make. Some series make them so easily, that humans would be an endangered species. Patricia doesn't do that, and her magic and creatures are grounded with enough real history to make them believable.

I always enjoy this series. This was my second time reading this book. I love the characters in them. They are so real and I would love to meet them. Especially Stephan, Warren and Kyle, Coyote, and Bran. Mercy of course is a given. I could write so much more but don't want to ruin the story for you. Read it for yourself and fall in love with Mercy and her pack and the many friends and foes. Ms. Briggs you are the best.

The series started a little slow for me, but Briggs has really hit her stride. The characters are solidly built , varied and true to form. I love that in a book. Mercy has matured so much, it's been a joy to see. River Marked was a great read, I stopped several times to mull through and absorb sections. My only complaint could be in some of the descriptions. Briggs loves to fully delve into her descriptions and it can drag if that's not your thing. But I'd flip right past so I could discover the juicy thing about to happen.
