Customer Reviews

Received only the piano part. Sure, the clarinet part is written in tiny script above the piano part but that's not helpful as a clarinetist. Very frustrated. It should be included, or, if for some reason it isn't, it should be CLEARLY STATED that it isn't included. This was misleading.

I received that same book in the picture but with entirely different music inside- something for french horn?! Fortunately, they took it back and gave me a refund. I'm not sure if I would still trust it enough to order it again.
