Customer Reviews

,it wasn't what I was looking for in explaining how the game works. I need more time to work with the book.

I ordered by mistake, thus it was only 1 dollar

No problems, as yet. I haven't been able to play this game yet. Another version of this game crashed my kindle fire. Don't shop at Best buy, they are no help.

APPEARED to be a real book but it's really a guide for a game. That should be stated clearly so someone who is just looking for a book to read their 6 year old doesn't waist their money like I did. "Space Guide" doesn't tell me it's a GAME guide. I did see plenty of game guides which I didn't buy. I bought this one thinking it was a book. should really offer a refund because this is really misleading.

I have always been a huge fan of the Angry Birds so I didn't hesitate once before going for this one, to my surprise it was full off these hilarious memes which you just can't stop reading. They are great for sharing in messaging groups and it never fails to make people laugh, I would recommend this to anyone who wants a brilliant collection of Angry Birds memes.

Good game

Awesome
